

Weekly Tennis Ladder League

Organised by

**Rising Stars Tennis Academy & The Rally Zone Sports Event
Management**

Objective –

This is a league basically designed for the players of similar skill sets who want to practice and improve their singles match strategies. With the exposure in the league the players will be able to compete in ITF tournaments with more confidence.

League Format-

The players will be ranked according to the initial knock out draw. Once the initial ranking is revealed, after that every player will be allowed to challenge another higher ranked player up to 3 ranks above him.

Example- A player 10th ranked can challenge any player up to 3 ranks above him, he can challenge 9th, 8th or 7th player. If he decides to challenge 7th then one match will be between 10th rank and 7th rank. Now among the remaining 8 players, the lowest ranked is 9th who can challenge 8th or 6th player.

Each player has to play minimum one match every week.

Next week, player who has not got chance to challenge will be given priority in finding the new opponent.

The new ranking will be published every Wednesday.

The players can place their challenge from Wednesday till Friday 2 PM. If two players challenge same player, the player who pay the match fees earlier, his challenge will be accepted.

The timing of the payment will be the basis for acceptance of the challenge.

The schedule for each week will be published on Friday 8 PM.

Match Fees - Rs 500, Pay on 99017 99022 or 99017 55077 (if first one does not work)

A can of new balls, Bananas and water bottle will be provided to the players who play their match as per the schedule at Jaipur club.

Match Format – Best of 3 Sets (Decider set is 10 point Tie breaker)

Ranking system – Player who challenge and wins, replace the ranking of challenged player and the challenged player moves down by one rank. If he loses then no change in the ranking of both players.

Example in above case 10th ranked player won against 7th then his ranking moves to 7 and 7th player move to 8th.

- If there is a no show (either non availability or walk over) it will be termed as loss and player move down by one rank.
- If Player remain no show for next week also then his ranking would be reduced by 5 ranks.
- if he remains no Show 3 weeks continuously then he would be put in last of the Ladder.

New player who wants to join the League, will be added in the end of Ladder ranking. So for example if new player is added in a ladder of 20 players, he would be ranked 21st.

Ranking will be revised every week and the final monthly ranking will be published at the end of the month and this will be the basis for Prize money.

Prize money – Prize money will be given once in a month and will be based on month end ranking. These are the five prizes -

In a ladder of 20 players,

- Rank 1 – Rs 5100
- Rank 2 – Rs 3100
- Rank 3 Rs 2100
- Highest Win Player – Rs 1500 (The one who win maximum number of matches)
- Fastest Climber – Rs 1500 (The one who improve his ranking most)

Last two prize winners would be other than first three winners.

For ladder with lesser size, prize money will be reduced proportionately.

Administration/Moderation – Senior coach and players will guide the organising team in case of any dispute or functioning of this event.

Future plans – To start with there would be one ladder open for all the players but as more players added with time, there will be multiple ladders with similar abilities and players would be moved from one ladder to another.

Example – one ladder for Men's players, other one could be 40 plus players etc

Court Location – Jaipur Club Ltd

Match Day/Time – Saturday and Sunday's morning 10 AM to 5 PM.

In exceptional case if players not available on weekend and mutually agree to play in other location or in a different time they are allowed to do with the organiser's permission. The above exception request will be entertained only twice in a month.
